Ep #2

Meet Tara

A 32 year old lady, lives in Mumbai.

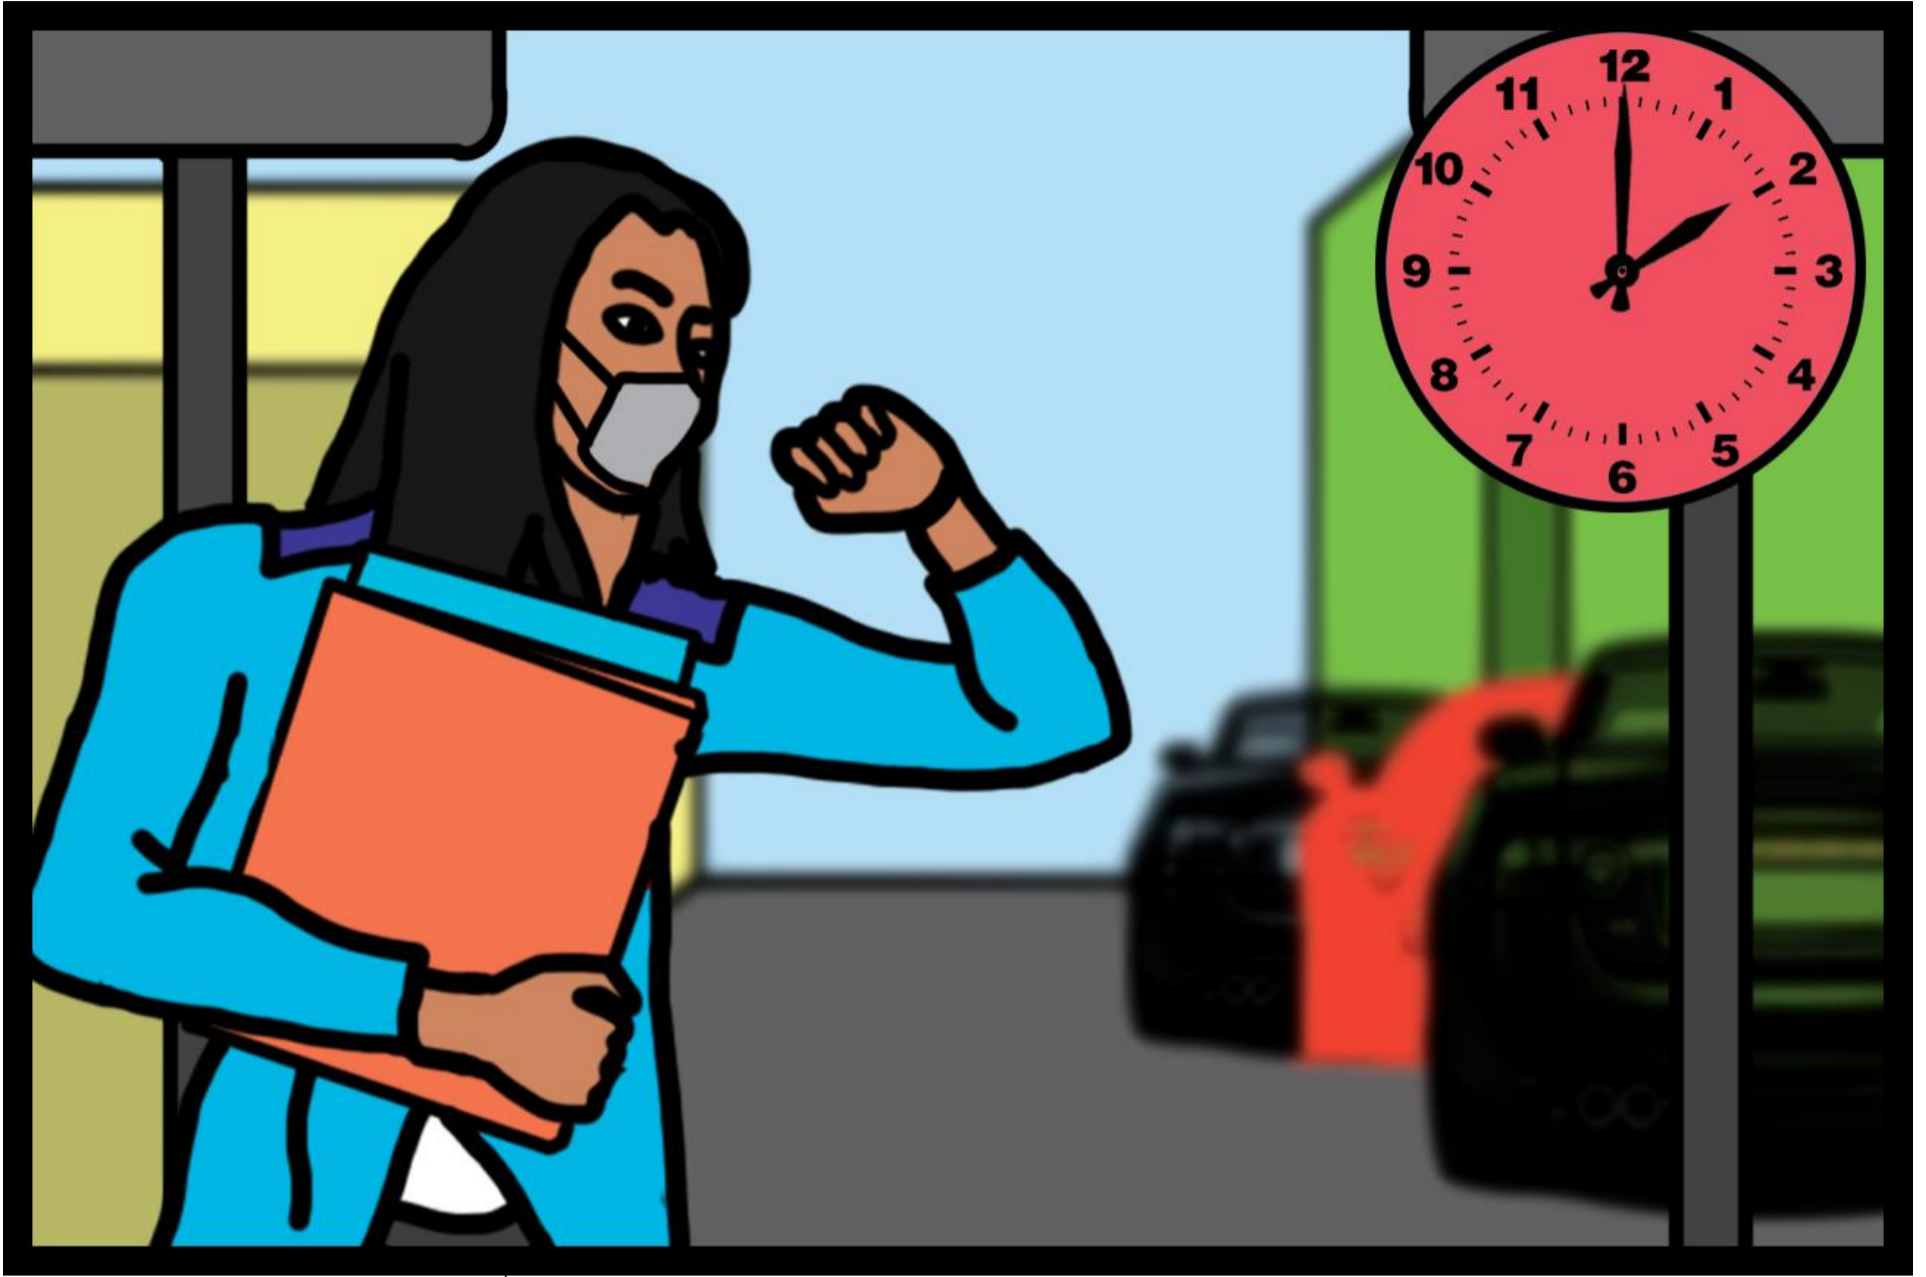

She is married for the last 3 years. She holds a MBA degree and work as a Brand Manager in a corporate.

Tara is in **the first trimester** of her pregnancy. she feels really **tired** through out the day. She plans to **visit a doctor** today. Lets look at her **journey**.

**Getting ready
to go to the
clinic.**

Waiting for the
transportation.

Reached doctor's
clinic.
Paid Rs 130 to the cab.

**Paid Rs 100/- as registration charges.
Paid Rs 500 /- as consultation fee.
Now, **waiting** for her turn.**

Finally she sees
the doctor.

**Comes out from
Doctor's cabin.**

**Again waiting
for the
transportation to
go home.**

Reached home.

Paid Rs 150 to cab.

Summary of the journey is:

1. Total **Money spent : Rs
880/-**

2. Total **Time spent : **230 min****

3. Time spent with **doctor :
10 min**

I will **not go** outside unless it is a must.

Pregnant women are at very high risk of getting **infected**.

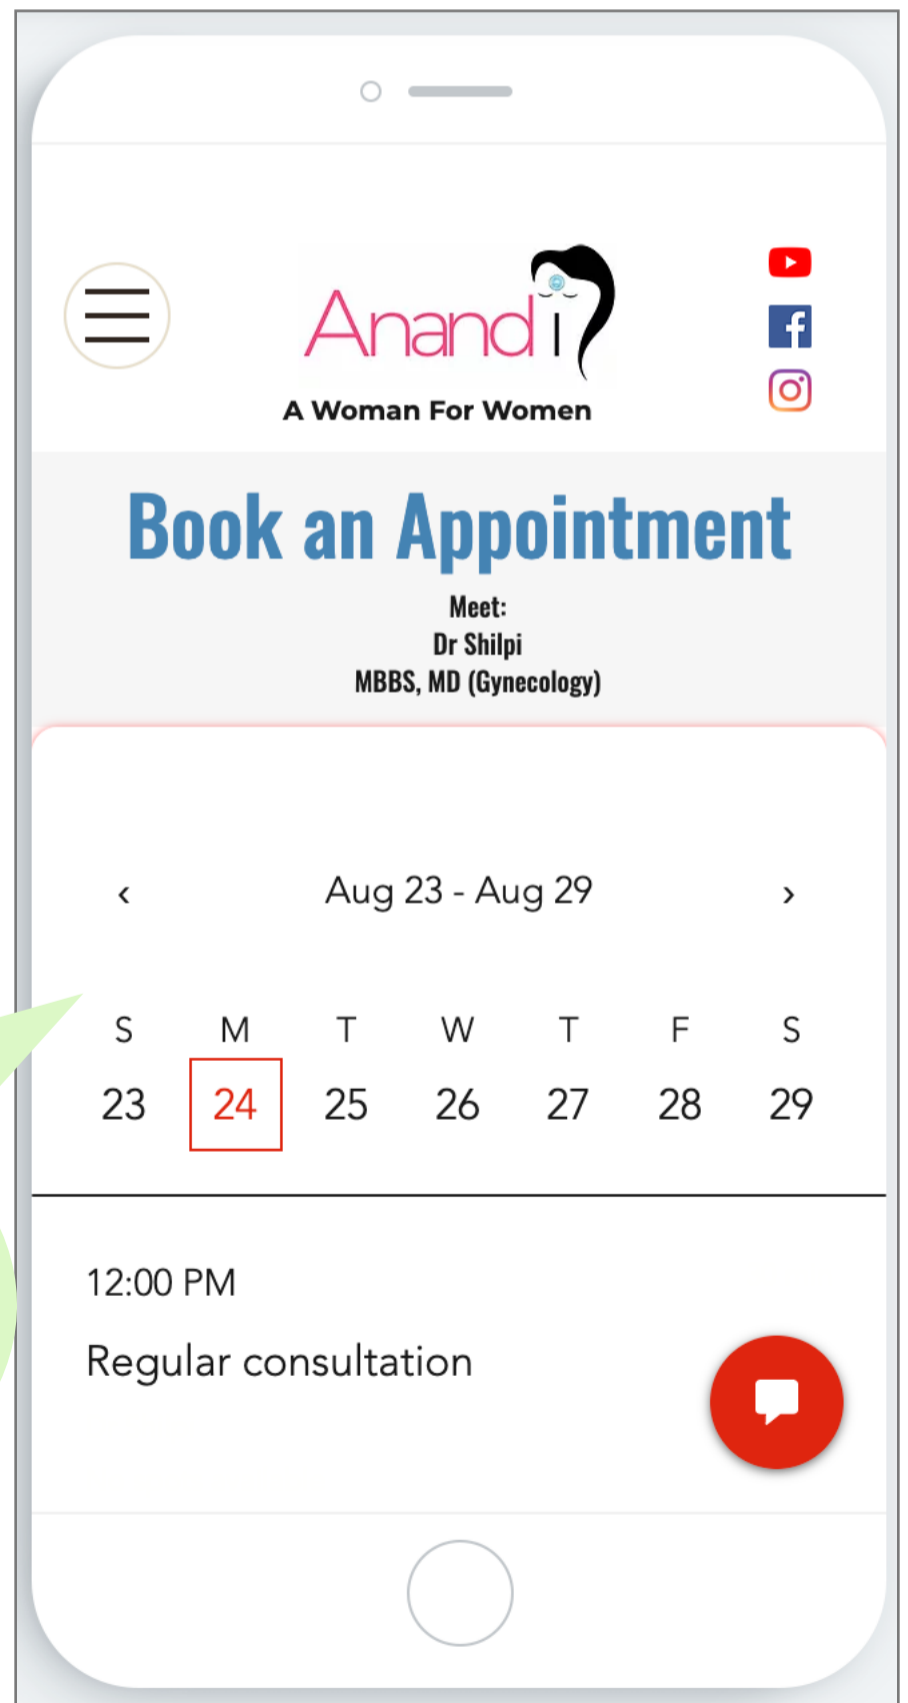

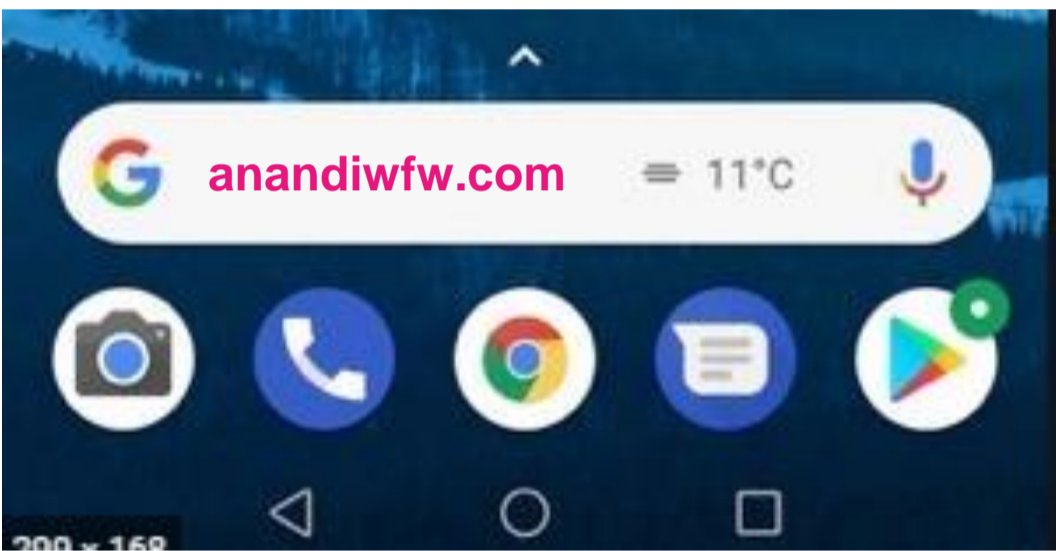

I will book **Anandi** Consultation at just **Rs 185 only** to **save** time, money and **avoid** any kind of **risk**.
